Filed: June 2, 2000 : Examiner: *Kimberly White*

For: METHODS AND DEVICES FOR PROVIDING ANTI-INFECTIVE ACTIVITY  
TO A MEDICAL DEVICE

Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

**INFORMATION DISCLOSURE STATEMENT**

RECEIVED  
AUG 15 2001  
TC 1700

Applicants direct the attention of the Office to the documents listed on the attached Forms PTO-1449 (2 sheets), which may be material to the examination of this application.

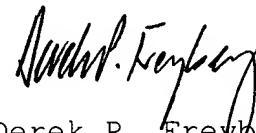

No representation is made by this IDS that a search has been made; or that the information disclosed is, or is considered to be, material to patentability under 37 CFR 1.56.

Documents A11-A12 and B1-B6 listed were cited in a PCT International Search Report issuing on a PCT application having the same priority as this application.

The Office is advised that an IDS listing the same documents was mailed to the Office (to the attention of Box PCT) on July 20, 2001. Due to attorney error, this previously-submitted IDS was drafted on the premise that this US patent application was the US national phase of the corresponding PCT international application, and so copies of documents cited in the PCT application were not provided, and the IDS was mailed to Box PCT. The error is regretted. If the prior IDS is matched with the application, the Examiner will see that the Form PTO-1449 substitutes list the same documents, and there will be substantial overlap between the packages of documents cited.

This IDS is being filed under 37 CFR 1.97(b)(3), therefore no fee is due for its submission. The Commissioner is authorized to charge any fees under 37 C.F.R. § 1.16 and § 1.17, to Deposit Account 08-1641, referencing attorney docket number 25658-0003AB; and duplicate of this transmittal is enclosed.

Respectfully submitted,

Derek P. Freyberg
